CHLOÉ ALEXANDRA *studios*
ILLUSTRATION

Wow your guests with something totally special & memorable

As two sisters dedicated to making your big day unforgettable, we specialise in creating memorable experiences for you and your guests.

Our live illustration services add an exciting focal point to your celebration, offering your guests a stylish and personal keepsake that doubles as a fantastic wedding favor!

We're truly passionate about weddings and after planning our own, we understand the importance of keeping guests entertained and ensuring they have a day they'll rave about for years to come.

With us, you can trust that you'll receive the best service tailored to your vision.

Let's make your wedding not just an event, but a cherished memory!

Each illustration is painted in watercolour on high quality paper, then packaged and displayed in our pop up gallery where everyone can see.

We believe the magic is in the details, so that's why we take care to include all those little things that make your guests unique.

Over years of live illustrating I have learnt to capture these details quickly and with high likeness meaning your guests can recognise themselves from across the room!

"It was one of our
favourite things about
the day"
Grace & Mark

"It was a fantastic
extra to the day, all
our guests were
talking about it!"
Siobhan & Joe

While most things
around us are becoming
digital, receiving a one-
off, hand-painted piece
of art is so special and
we love bringing that to
weddings.

Live Illustration not only provides your guests with the most personal favour, but also brings an energy and buzz around our painting table during your day reception!

“Thank You SO SO SO much for these beautiful paintings.
Honestly cannot express how much we loved having you as part of our day.
We received so many compliments from everyone and your amazing talent and bubbly personalities were an absolute hit!
we cannot thank you enough for everything”

How we work on the day

We arrive at your venue an hour before your guests' arrival time to set up our table

We always aim to start getting the first photos of your guests as they arrive, before the ceremony. It really helps to ask a groomsman to be in charge of sending people our way before they take their seats, so we can start drawing the first portraits while the ceremony is taking place. We love having the first few up in our gallery as your guests come out of the ceremony and seeing their reaction!

If you are getting married in a church, we set up at your reception venue and start as soon as you arrive for your post-ceremony drinks.

We paint as many as we can on the day, if you have booked our Studio Signature or Luxury Live package the remainder are completed in our studio afterwards.

We pack down discreetly so as not to interrupt your celebrations and leave any finished portraits that the guests haven't already taken, on the card table for them to collect at the end of the night.

Booking process

Once you have taken a look through our brochure, you can contact us via email where we'll take details of your wedding. You can ask any questions and discuss further details of your chosen package.

Our Experience package is "on the day only." Guests will have the option to purchase their own portrait if we don't have time to paint them during the wedding.

A £250 non-refundable deposit is required on booking to secure your date, with the remaining balance due 4 weeks before your wedding.

Before your wedding day, we will be in touch to discuss arrangements including venue set-up, guest list and on the day timings.

You can then leave the rest to us!

FAQs

How far do you travel? We cover Isle of Wight, Hampshire and Surrey wedding venues mainly, but further afield may be possible on occasion

How many guests are painted in The Experience package? This all depends on timings and flow of the day. The sooner your guests come to us for a photo the sooner we can get started, Chloé will paint as many as she can during the time, on average this is approx. 30 guests.

Can extra guest illustrations be ordered? Yes! When booking the "Studio Signature" or "Luxury Live" package we are happy to take as many photos of your guests and then invoice following the wedding for any extra over the booked guest number. This option will be offered in the lead up to the wedding and confirmed over email. This option is not available for our "Experience" package which is on the day portraits only. For this package, guests will be able to order and purchase their own portrait if we don't have time for them on the day, these orders will be processed separately to your wedding booking.

When do we receive the artwork? Guests can take their portraits home on the day, any remaining guest illustrations and other package artwork will be completed in the studio and posted to you within 8 weeks.

Do guests have to stand and pose? No! We will take a photo of the guests that come and see us and then they can go and mingle and enjoy the celebrations while Chloé uses the photos to paint from. They can then come back later when they spot themselves in the gallery!

How long are you there for on the day? We will be set up and ready to capture guests as they arrive for your ceremony and stay until your evening reception begins, depending on the timings of your day. This will be confirmed alongside your Itinerary.

Do I need to provide a table and chairs? We have designed and built our beautiful set up which means you and your venue don't need to provide anything!

How much are extra illustrations? Extra portraits are £10 per guest.

Can you draw someone that isn't at the wedding? We only draw the guests who are there on the day, from photos taken by us, to make sure it is fair to the other guests present.

What if we
can't make
your day?

Both a place name
and a favour!

You can even add the table number
to the back for a fun and
interactive table plan.

Created ahead of the day and posted
to you to display on your tables or
however you wish!

Let us
introduce you
to our portrait
favour tags!

Our 3 inch portrait tags are painted in watercolour on high quality paper, complete with white ribbon - perfect for tying on to a coat hanger, round your place setting napkins or even hang on your glass stems for an eye-catching prosecco wall!

Testimonial

"We just wanted to say the biggest thank you for creating our wedding place cards/favours.

We met you at a wedding fayre and instantly fell in love with your work. We usually went to wedding fayres for fun and with only a few months to go we weren't expecting to find anything we needed or wanted.

But the first sight of your table, I was hooked. I needed you at my wedding.

I am still in awe of your work and you made all our place cards look exactly like our guests, from a photo!
Incredible!!

Our guests loved their personalised favours and they honestly are one of my absolute favourite things of our day. Thank you soooooo much!!!"

Tags booking process

To Make an order, send an email to hello@chloealexandraweddings.co.uk with details of what you would like. Chloé can advise if you have any queries.

Once your order is placed, you will be required to pay a deposit, with the remaining payment due once your tag sketches have been approved.

Chloé will then create a folder on Dropbox for you to upload your photos to, where you can change each photo file name to the name of the person. Please double check spellings as this will be copied directly. The link for this folder is sent to you via email.

We ask that you only upload one photo per person and know they will be drawn as the photo shows (hairstyle, jewellery, glasses etc.) The photo will need to be a headshot only and the quality is clear.

Once each person has been sketched, Chloé will send the sketches via Dropbox for you to approve.

After you have approved the sketches, changes will no longer be able to be made and the remaining payment is due.

Once the tags have been created, they will be posted first class signed for.

We can't wait to discuss your wedding!
